## BEGIN RETREAT ON 20-MILE FRONT

### GERMANS START RETROGRADE MOVEMENT NEAR ARMENTIERES

Indications Are That It May Extend As Far As Verdun. Italian Army Launches Offensive Against Austrians. Australians' Capture of Column Near Damascus Increases Bag of Captives.

### AMERICANS GAIN 4 MILES IN ARGONNE

(By United Press)

Washington, Oct. 3.—The Italian army in Albania has launched an offensive against the Austrians, according to cables to the Italian embassy. The purpose of the offensive is to demoralize and destroy the Austrian army in Albania.

London, Oct. 3.—"Australian troops 17 miles northeast of Damascus captured an enemy column, taking 1,500 prisoners, 2 guns and 40 machine guns," it was announced today.

London, Oct. 3.—The German retreat has begun on the twenty-mile front between Lens and Armentieres, with indications that the retrograde movement will be hastened over the rest of the line as far as Verdun.

The battle that has been raging in France for a week is said to be approaching a critical phase for the enemy. Reckless use of Hun reserves has failed to prevent the allies from advancing. With their lines broken on many sectors, the Germans apparently have reached the limit of their endurance.

In their retirement, which dispatches early today said had reached a depth of two miles, the Huns are evacuating highly organized positions, successfully defended by them since the beginning of trench warfare on the west front. Continuing their pursuit of the retreating foe, Field Marshal Haig's troops have reached the line of Cite St. Auguste, Douvrin, east of La Basse, east of Aubers and west of Grenier wood. General Plumer's army has captured Gheluwe, near Menin, and Le Bizet, north of Armentieres.

Slowly but surely the advance of the allied forces under King Albert of Belgium has forced General Ludendorff to withdraw his troops. On this part of the front the position of the Germans is precarious, and they must find an effective way to defend Lille. Now that the German first line in Belgium has been broken, the communication system between Ostend and Thorout is in peril, and the Roulers-Menin railway is cut, it can be seen that the position of the enemy is grave.

The second railroad from Bruges to Courtrai is under shellfire. While this German army, the 4th, is thrust back on its communications, the forces on its right are in a risky position near the sea at Nieuport. Those elements on the left of the 4th army are thrown back at some points south of the Lys river, and will have difficulty in depending Lille.

If Lille falls, the whole German line for a long distance southward may be rolled up, unless a prompt relocation of the enemy's forces follows. Reports say the Germans are moving their heavy guns from the western Flanders coast, and rumors come from Holland that the whole coast may be evacuated.

North of St. Quentin, where British, French and American forces have made a definite and apparently complete break in the Hindenburg line, Haig's forces resumed their attack early today. Further north, Le Cateau is in Allied hands, and

German counter-actions in the region of Cambrai have been repulsed.

#### Advance Under Difficulties

With the Americans near Verdun, Oct. 3.—The Americans have advanced 4 miles through the Argonne forest since the start of their offensive.

This forward movement has been accomplished by smothering machine gun nests, wrecking great masses of barbed wire and dragging up artillery and wagons by hand.

American aviators are continuing their remarkable work of regulating the artillery, fighting of German planes and bombing infantry.

In the region of Fresnes east of Verdun, on the left front, a Franco-American raid resulted in taking of 50 Austrian prisoners.

#### Bulgar Deserters Driven Off

Amsterdam, Oct. 3.—Bulgarian deserters advancing on Sofia, have been driven back by government troops, according to a dispatch from that city today. Sofia is now out of danger.

Bulgarian prisoners will continue to work for the entente, according to the armistice terms, it was reported today, while at the same time Bulgaria must return all entente prisoners.

The armistice also provides for the withdrawal of Austro-German troops from Bulgaria within four weeks.

#### PEACE PREPAREDNESS BILL

(By United Press.)

Washington, Oct. 3.—Senator Overman of North Carolina today introduced a "peace preparedness" bill to meet reconstruction problems. It provides for the creation of a federal reconstruction commission of five to be named by the president. The bill represents the administration idea with respect to problems of reconstruction.

### County Oversubscribes Year's W. S. S. Quota

Announcement Today Shows Allotment of \$386,980 is Passed During September by \$12,275.

SALES LAST MONTH \$24,338.50

Again the attention of the entire Hoosier state has been called to the glorious war record which Rush county is making for herself—this time it results from the announcement that the cash sales of War Savings stamps have passed the county's quota of \$386,980.

With the tabulation of the county's stamp sales for the month which has just closed, Rush county has not only reached the mark set by the government for her year's quota, but in cash sales thus far has oversubscribed \$12,275. The money represents stamp sales, the money for which is already in the hands of the government with thousands of dollars worth of pledges, payable during this month, November and December to be turned into cash sales before the end of the year.

The sales for September amounted to \$24,338.50 and with already \$374,916.50 reported during previous months, the war saving stamp officials were able today to report to

the state headquarters, cash sales which places the county among the first in cash sales in the state. The successful completion of the county's quota is the result of the momentum which the workers gathered during the national campaign which began in June and which was supervised in this county by Chairman John A. Tittsworth and Postmaster G. P. Hunt. Both men worked untiringly until the county was on the road to a successful goal and with the hearty co-operation of the heads of the drive in the out townships, were able to keep Rush county where she has been wont to stay in every war measure—in the first ranks of the nation.

The monthly report which was submitted to the district headquarters today for the various townships follows:

Arlington	\$ 833.75
Carthage	2571.50
Glenwood	203.25
Holmer	332.
Manilla	1474.75
Milroy	1741.
Mays	783.25
New Salem	1068.25
Rushville	15,330.75
Total	\$24,338.50

### REFUSES TO REGISTER AND IS PLACED IN JAIL

Robinson Hufford However, Changes His Mind and is Released at Noon Today

#### SIGNS A REGISTRATION CARD

Declaring that war and all its precepts are in direct opposition to his religious belief, Robinson Hufford who failed to register Sept. 12 insisted that he would not do so, even after he had been arrested with grave charges placed against him. He changed his mind about noon, however, and was released from jail. Investigation of the alleged draft evader was begun yesterday by local authorities who went to the home of the man, south of the city, for an explanation for his apparent contempt of the government's man power law. He made no attempt to defend himself other than to declare that he would believe himself guilty of murder if he entered into the conflict and steadfastly refused to sign a registration card, which he was given an opportunity to do. The influence of friends and relatives was brought to bear to no avail.

Since the case bore upon the federal government, local authorities had turned it over to the state federal department in Indianapolis and was being investigated by George N. Murdock, special employee of the department of justice. It rested with the federal authorities whether the offender should be inducted at once into military service without his consent or sentenced for a long term in a federal prison.

Paris, Oct. 3.—During the period from September 10 to September 30 the allied armies in France and Belgium have captured 2,844 officers, 120,192 men, 1,800 cannon and more than 8,000 machine guns. Says an official statement issued here.

### ARE INDUCTED INTO S. A. T. C. AT COLLEGE

Papers Of Thirteen More Registrants Who Are In School Sent By Local Army Board

#### TEN QUESTIONNAIRES OUT

There were only ten questionnaires out at 10 a. m. today with the prospects of all of them being returned some time during the day. The local army board classified thirty-nine registrants yesterday, bringing the total classified up to this morning to 282. The cases of those classified were sent to the district board.

Thirteen more registrants have officially been placed in the Student Army Training Corps by the local board. They are already in college, but they are not listed as members of the S. A. T. C. until the college officials send here for their induction papers.

Induction papers for twelve registrants were sent to Bloomington, where the following are attending college: Dwight VanOsdel, John W. Lewis, Cyril Arbuckle, Wilbur Cox, John Fleehart, Norman J. Reed, and Irvin H. Greely, all of Rushville; Ogden Bailey and Charles W. Laughlin of Glenwood; Clarence C. Atkins of Mays; Earl Hoff of Manilla and Lawrence Hite of Milroy. This makes fourteen who have been inducted into the S. A. T. C. at Indiana university, papers for Russell Harlan and Paul O. Seright having been sent previously. Induction papers for Charles D. Winslow of Carthage who is in University of Minnesota, have been sent to Minneapolis. They are examined physically at college.

#### VOTE ON SUFFRAGE AGAIN

(By United Press.)

Washington, Oct. 3.—The senate today took a vote on the woman suffrage resolution. This put suffrage in exactly the same status as before its defeat. It can be called up for action at any time suffrage forces believe they are strong enough to pass it.

Mr. and Mrs. Martin Keller of Connersville motored to this city this morning and spent the day with friends.

### COUNTY IS STILL HALF MILLION SHORT OF LIBERTY LOAN GOAL

#### Keeping The Money at Home

Any county that takes its quota of Liberty Loan Bonds, no matter what it is, changes the transient wealth involved therein to permanent wealth. The money represented is not going out, it is staying at home.

### ADVANCE DETACHMENT OF 139TH IS OVERSEAS

Mrs. Telles La Londe Receives Word of Safe Arrival of Her Husband, Who is on Major's Staff

#### OTHERS MAY BE ON THE WAY

That the advance detachment of the 139th Field Artillery, in which are most of the Rush county boys who left here a year ago last August with old Company B, has arrived safely overseas, is the information which has been received here, but it is believed that the regiment as a whole has not yet sailed though it is patiently awaiting embarkation orders at Camp Upton, N. Y.

Mrs. Telles La Londe has received word that her husband, Sergeant La Londe, has reached a foreign port. He left New York two weeks ago with Major Umbley's staff of the 139th Field Artillery, headquarters company, as an interpreter.

The fact that relatives of local men in the 139th have returned from New York indicates that they are about to sail, if they have not already done so.

### U. S. STEAMER TAMPA SUNK

All Aboard, Including 10 Officers and 102 Men, Reported Lost

(By United Press.)

Washington, Oct. 3.—The United States steamer Tampa, a former coast guard cutter, was sunk in foreign waters, the navy department announced. All aboard are reported lost.

The Tampa was sunk in the Bristol channel, Sept. 26 while engaged in escorting a convoy. Ten officers and 102 enlisted men, besides one British army officer and five civilian employes on board, were reported lost.

### MORTGAGE IS FORECLOSED

Judgment For \$1,900.66 Against R. W. Moyer and Assignee.

The mortgage on the linotype machine formerly used by the Daily Jacksonian here, which was in possession of Will L. Newbold, to whom the owner of the Jacksonian, Richard W. Moyer, made an assignment last spring before leaving here, has been foreclosed in circuit court and judgment for \$1,900.66 without relief rendered in favor of the Mergenthaler Linotype company. The case was submitted by agreement of the parties and finding and judgment rendered on a note held by the plaintiff for principal and interest in the sum of \$1,770.66, together with attorney's fees amounting to \$130.

Mr. and Mrs. James J. Barlow of Columbus returned to their home this morning after spending a few days in this city, the guests of friends.

Subscriptions Reported up to Today Are \$503,100 Below the Allotment of \$1,100,000

#### FAILURE TO REPORT CAUSE

Believed Sales Are Much Larger But Canvassers Have Not Turned in Subscriptions

#### "BUY TODAY" IS NEW SLOGAN

People Urged to be Ready When the Solicitors Call and Not Make Second Trip Necessary

Renewed determination to stimulate Liberty Loan buying was manifested when the workers in Rush county started out today with \$503,100 of the county's quota of \$1,100,000 to be raised in the present campaign.

Reports up until noon showed that \$506,900 had already been reported. The fact that Rush county is lagging behind the numerous other sections of the state where over the top subscriptions have been reported, is not due to the people failing to subscribe to the issue, according to the loan officials, but to the fact that the solicitors who have certain districts under their supervision are failing to turn in speedy reports at the loan headquarters.

At a meeting of county loan officials which was held yesterday, it was decided that the office of T. M. Green in the Miller Law building be made the headquarters for the solicitors report and each solicitor in the county is being urged to make daily reports concerning their progress if it is possible.

It is vitally important that the county officials understand how the sales are going in every part of the county in order that they may know where to swing their assistance in order that the county may be better balanced.

The people are urged to be ready for the solicitors when they call the first time and not make it necessary for them to go over the same ground the second time. The solicitors receive no pay for their work, as far as money is concerned, and since they are sacrificing much of their time in order that Rush county may do her part in the movement, the people whom they solicit are asked to treat them with consideration.

"Buy Today" is the slogan adopted by the workers since in many cases the canvassers have found it necessary partially to recanvass their territory with numerous return trips necessary in several cases.

The women in the homes through the city are subscribing so generally and liberally that the officers who are concentrating their efforts on getting into the homes expressed jubilation today. Sections of the city where the least was expected have in numerous cases purchased several bonds.

#### EARL HESS RELEASED

Earl Hess, who was arrested yesterday morning on a charge of beating his wife, has been released without the charge against him being prosecuted. Hess could not show a registration card when arrested, but he proved to the satisfaction of the police that he had registered and was not a sneak.

Mr. and Mrs. James Lewis and daughter Catherine of Georgetown, Ky., have returned to their home after spending a few days in this city, the guests of friends.

## Emphatically Asserts Worn Out, Lagging Men Can Quickly Become Vigorous and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food.

Given the right kind of medicine, any tired-out, inactive, lagging fellow can quickly be made into a real live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feran at any drugist, after each meal and one before bedtime—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned.

Notes to Physicians: There is no secret about the formula of Bio-feran; it is printed on every package. Here it is: Leithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Gentian; Phenolphthalein; Olearosa Capicum; Kola.

## HOG PRICES ARE OFF FIFTY CENTS TODAY

Hog prices fell off fifty cents in Indianapolis today with receipts fifteen hundred greater than yesterday. The grain market was steady.

## Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the real, feverish state that attends children's diseases.

M. T. Davis, Bearville, W. Va., writes: "One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

## SEED CORN DRIVE IS PRONOUNCED SUCCESS

Fourteen Meetings Held in County Yesterday by Five Agricultural Agents Are Well Attended

ALL IN JOHNSON CO. TODAY

Every one of the fourteen seed corn meetings held in every township in Rush county yesterday was pronounced a success by the five county agricultural agents who participated in the seed corn drive, as well as by farmers who attended them. The meetings were so arranged that practically every community in Rush county was reached.

Four of the county agents conducted three meetings each and the fifth one held two meetings. Each agent explained how to select seed corn, the kind to select and the necessity of making sure of the seed for next year's crop so that the trouble which was experienced this spring in obtaining good seed, might be avoided next spring. Then in each instance the agent led the farmers to a nearby corn field and demonstrated.

The agents who assisted Marion Detrick in the drive were R. G. East of Shelby county, E. A. Ellis of Johnson county, P. D. Brown of Decatur county and R. P. Jab of Bartholomew county. The same agents are conducting similar meetings in Johnson Co. today. They were in Decatur county Tuesday and will be in Bartholomew county Friday.

### An Engine Is No Better Than Its Cylinders and Pistons

You don't have to send your Ford out of the City to have it Re-bored.

Having recently installed in our shop a new machine for re-boring Ford motors we wish to call your attention to the fact that we are now prepared to re-bore and fit new over-size pistons and rings in your Ford motor.

These are the results you obtain by re-boring

- You increase power from 10 to 50 per cent.
- You eliminate that elusive knock.
- You stop the escaping gas around piston rings which abnormally heats the crank case.
- You stop the admission of auxiliary air past the piston rings which dilutes the mixture.
- You use less lubricating oil.
- You use less gasoline.
- You drive slower on high gear.
- You take hills with perfect ease and grace.
- You attain greater speed on level.
- You eliminate the over-heating.
- You stop fouling your plugs.

Our Price is Reasonable.

Bring in your motor and let us fix it up.

## The Anker-Holth Self-Balancing Cream Separator

MR. FARMER? MADE IN U. S. A.

Here's the Cream Separator you have been waiting for. Here's the Separator that will make you more money from your cows than any other mechanical skimmer on the market today. Note its great simplicity, its mechanical neatness and large supply can.

## The Self-Balancing Bowl Is a Wonder

No other Cream Separator has it, nor can adopt it, because it is the invention of Mr. S. C. Anker-Holth, the originator of this machine, and is used exclusively in the Anker-Holth Separator. No more bowl trouble. No sending to the factory to have your bowl rebalanced. Our bowl balances itself—the interchangeable self-shifting discs do the work. This feature is not only a revelation to other separator manufacturers, but has brought joy to the hearts of thousands of users of Anker-Holth Separators.

## What This Separator Will Do

It will increase your dairy profits 30 to 40 per cent if you are skimming your milk by the old hand method. Call and see the separator and get our price.

## Fourth Liberty Loan Drive!

Put the HUN Under Bonds To Keep  
The Peace For All Time To Come.

The Drive for the Fourth Liberty Loan has Commenced.

Uncle Sam wants to raise at least \$6,000,000,000.00. He wants it NOW. Let's make the Fourth Liberty Loan Drive memorable in the annals of War. Show the world our determination to see the war through to glorious triumph. In subscribing for Liberty Bonds you are giving nothing—you are simply lending money on the greatest security in the world at 4 1/4 per cent interest. If you have the cash, pay cash for the bonds. If you are unable to pay cash, buy them on the part payment plan devised by the Government, or upon our Special Payment Plan. The Government is anxious to get as many individual subscriptions as possible, so that the enormous sum total may be an object lesson to both allies and enemies. Make your subscription through our Bank and Trust Company.

### Serial Bond Plan Advocated

During the consideration of the revenue bill in the Senate the early part of the last year Hon. John W. Weeks of Massachusetts took occasion to advocate the issuance of bonds in serial form. Although many Senators indicated to Mr. Weeks that they were much impressed with his arguments and figures, for some reason the Treasury paid no attention to the matter. In order to put before the people once more the manifest benefits of the serial bond system, Sen. Weeks has undertaken again to explain it. "His adoption by the Government," says he, "will save more money than all the savings that can be made between now and the end of the war".

There are three forms in which public indebtedness may be paid at maturity: No part of it being provided for until maturity is reached; providing for a sinking fund sufficient to meet the loan at maturity; and providing an annual payment sufficient to meet both interest and a proportionate part of the principal, or, in other words, the repayment of the loan in annual installments.

An example of the first method is in the handling of the issue of \$68,000,000 worth of bonds that were issued at the time of the Spanish war. They were to run for 20 years, with a provision for their renewal

**Oct. 3, 1914**  
Czar Nicholas starts for the front.

for 50 years. Last year their renewal was provided for by Congress. That means that 70 years from the war the great grandchildren of those who participated in it will be called upon to pay a large share of its cost. The benefits accruing to those people from that little war are negligible, and it is manifestly unfair to compel them to contribute to its cost.

The second method, that of the sinking fund, was followed in regard to our civil war bonds, amounting to two and a half billions. But for 20 or 25 years after the war our revenues were so abundant that the sinking fund method was not resorted to. Instead the Secretary of the Treasury bought bonds from time to time until the greater part of the loan was retired. The balance has been held by national banks as a basis for the circulation of bank notes. The undesirability of a sinking fund for our national debt became so manifest that Congress repealed the law providing for it. In its place the Secretary of the Treasury was given specific authority to retire bonds whenever, in his discretion the surplus money in the Treasury could be used for that purpose. That is the law in force today, and the power of that Cabinet officer grows as our debt increases.

The serial method, as advocated by Senator Weeks, not only provides a definite plan for the retirement of the National debt within a given time, but it distributes the cost of the war over the years that will reap the greatest benefits from it. Although Mr. Weeks emphasizes the fact that we should not hesitate to make any expenditure necessary to the winning of the war, at the same time we should not neglect opportunities for practicing economy wherever possible. The enormous savings which can readily be obtained if the Government were to adopt Senator Weeks' serial bond plan are readily understood by figures submitted by him, which he contends cannot be successfully disputed.

With the forthcoming issue of bonds, amounting to \$6,000,000,000, taken as an example and a life of 10 years assumed, the cost to the country by the single maturity plan will be \$8,550,000,000 and by the partial payment or serial plan \$7,402,500,000, a saving of \$1,147,500,000. If the life of the issue be assumed at 50 years the total saving to the taxpayers would be \$6,247,500,000, or more than the entire face value of the loan.

Senator Weeks' speech is couched in plain language, easily understood by the citizen not versed in high finance. Every voter should send to the Senator for a copy, in order that he may have a clear comprehension of this enormous National economy within the grasp of the administration.

### The Home Front

The battle front in Europe is not the only American front. There is a home front, and our people at home should be as patriotic as our men in uniform in foreign lands.

Every American soldier who has fallen in France, every American sailor who has died for his country's cause has given his life for his people. Surely we, their people, can lend our money to our Nation, their country.

The Fourth Liberty Loan is the fighting loan. Its great success will bring comfort and encouragement and a deep sense of pride to our Army and our Navy, and to our allies; it will bring discouragement to our enemies. Its success means American victory, Prussian defeat.

The fourth loan is the fighting loan, the soldiers' loan.

Many of the names in the casualty lists may be foreign, but the possessors of them are certainly true-hearted Americans.

A hundred and forty years ago the minute man was the man of the hour.

### War Hints— War Helps— War Duties

Complied and condensed for the Indiana State Council of Defense by George Ade.

We are swept along this week by the big drive to raise six billions of dollars. Just now the people of Indiana must think and talk and act in large sums of money. It was known before the drive started that a great many people would subscribe for bonds. This week let us all remind ourselves that we are lending money to our best friend, that we stand no earthly chance of losing any part of our investment, that the rate of interest is fair, that our failure to meet the present demand upon us would mean disgrace, and disaster. It is no time to harangue, because the Hoosiers are alert and willing. There is no need to tell a man to do something when he is getting ready to do it. Only, just remember this: When you reach into your pocket this week reach all of the way in. Find out what your friends expect you to do and your enemies predict you will do and then go ahead and outdo all of the estimates.

Permits are now required for new construction projects. Even small building jobs are included in the new government order. Men, money and materials must now be concentrated on war work if we are to back up and supply an army counted by millions. Uncle Sam plays no favorites at a time like this. Postpone your building until after the war.

This is "linen week". Deliver to the Red Cross all the towels, sheets, napkins and handkerchiefs you can spare for the French hospitals. Don't send old and worn-out articles to the wounded soldiers. The linen should be of strong reather than fine texture.

Use wood for fuel if you can do so. Also, remember that manufacturers having war contracts need walnut for airplane propellers and gun-stocks, white oak for propellers, ship-building and wheels; basswood for saddles, rock elm and ash for airplane construction, and black locust for tree nails in ship building. If you can supply any of these woods, report to your county agricultural agent.

The State Council of Defense believes that German should not be taught in any public or private school below the high school grades and the study of German should not be compulsory in any school or college. No religious service should be conducted exclusively in German. This is an English-speaking nation and English must be made the preferred language of communication in all schools and churches and at public assemblages.

The school children of Indiana are going to take a census of all the live stock in the State, October 15th.

Now it is the duration-of-the-war man.

September in France is a cold month, but the allies managed to keep warm running after the Germans.

"Can any good come out of Nazareth?" There is certainly some good being done there.

Butter is going up, and will soon be seen only on the tables of the munition workers.

Do any of us fail to realize that a drive for the Fourth Liberty Loan is in progress?

### TRIED MANY, FOUND THE BEST

Good digestion is the foundation of good health. Foley Cathartic Tablets keep the bowels regular, sweeten the stomach and tone up the liver. There is nothing better if one desires an old-fashioned, harmless physic—gentle in action, yet thoroughly cleansing in effect. J. P. Gaston, Newark, Ind., says he used a great many kinds of cathartics, but Foley Cathartic Tablets gave him more satisfaction than any other. He says they are the best cathartic tablets made. F. B. Johnson.—Adv.

## DAY'S CASUALTY LIST NAMES 16 HOOSIERS

Four Hundred and Ninety-Seven  
Americans Accounted For in  
Various Classes of Casualties

### 32 MARINES ALSO ARE LISTED

Washington, Oct. 3.—The casualty list published today following the cable from General Pershing, contained the names of 497 Americans, 187 of which number were killed in action and 212 were severely wounded.

The Indiana boys whose names were included in the combined list are divided in the following classes. Killed in action: Homer Nirkirk, Bloomington; Chris Herbig, Indianapolis; Ralph Wertz, Edinburg; Ray Stevens, Corydon; John Skidmore, Indianapolis.

Wounded severely: James Payne, Newcastle; Clarence Robinson, Waterloo; Charles Goodwin, Terre Haute; Luther Meredith, Spiceland; Chester Canon, Kokomo; Crell Jones, North Salem; Fred Young, Terre Haute; Henry Miley, Petersburg; Elmer Weitzel, Evansville; Wesley Cloverdale, Noblesville; Henry Dauch, Evansville.

Marine casualties were also announced. They contained the names of thirty-two casualties for the day, which made a grand total of 3,357 names. No Indiana men were included in the recently published list.

### TRY A WANT AD

### GLYCERINE MIXTURE FOR APPENDICITIS

The INSTANT pleasant action of Adler-i-ka surprises both doctors and patients. Leaves stomach clean and strong. F. E. Wolcott, druggist. —(Adv.) 2

## APPEAL IS MADE FOR LINEN SHOWER

Very Few Articles Received by Red Cross Thus Far Though Week is More Than Half Gone

### TO BE USED IN HOSPITALS

Urgent Request Should Appeal to People Because Material Will be Used For U. S. Soldiers

Rush county Red Cross officials are making an urgent appeal to the people of the county to respond to the request for linens for France.

Although the campaign, which is being conducted through the entire county, was scheduled to begin in full force Monday, the headquarters of collection which is located at the recorder's office in the court house, has only received a minor amount of material, and officials here point out that since the linens are to be used for hospital supplies, for the benefit of our own Rush county boys, the drive is one which should not be regarded lightly but should receive donations from every available source.

The plan is known as the "linen shower," but the term linen is not meant to be misleading for with the exception of napkins, cotton is the requisite product of the articles asked by the Red Cross. Bath towels, hand towels, handkerchiefs, pillow cases and napkins are needed for the hospitals in enormous numbers, and in order that a supply sufficient to meet the demands, which are steadily increasing since more than a million American boys have been thrown into the struggle, may be met, Rush county must respond nobly.

It is suggested that in the Rush county chapter of the Red Cross, every family can contribute some of these articles and that a standard for the donors may be a set to consist of one bath towel, two hand towels, two handkerchiefs or one napkin and one sheet, or any combination most preferred. Only approximate dimensions are given. The sheets are to be 64x102 inches; hand towels, 18x30; bath towels, 19x38; napkins, 14x14 inches; and handkerchiefs, 18x18 inches.

The length of the sheets may be the subject of some speculation by prospective donors and the reason for the given dimensions is explained by the fact that the medical department of the army has set these dimensions as desirable. No patient, severely wounded as so many of our men in France are, can be comfortable unless the top of the sheet is sufficiently long to tuck well under the bed without being stretched too tightly. If new sheets are to be contributed, a heavy unbleached muslin is most desirable. All articles should be new or almost new and the texture strong rather than fine.

## MEYERS RELEASED UNDER A \$100 BOND

Clarksburg Man is Accused of Assault and Battery For Throwing Rock at John Miller

### WHILE RIDING IN CLOSED CAR

Ben Meyers has been arrested on charges of assault and battery preferred by Otis Miller, who declared that the offender made an attempt against the life of his son, John Miller.

Mr. and Mrs. Miller were riding in a closed car along the road, according to the affidavit, when the defendant hurled a rock through the glass in an attempt to strike the driver who, however, was uninjured. The plaintiff declared that Meyers has an ungovernable temper and on several occasions has been the source of trouble to members of his family.

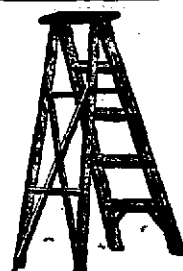

The defendant resides near Clarksburg and following his arrest by the sheriff of Decatur county, he was brought here and released under a \$100 bond. It is alleged that on various occasions, Meyers has sent threatening letters to residents in different parts of the county.

Ralph Roller is ill at his home in North Arthur street with Spanish influenza.

## 99c STORE

Where You Always Buy For Less

### SCIENTIFIC CONSTRUCTION

When a large audience in a theatre or any other public gathering is stampeded and becomes panic stricken, they all try to get out the door at once. The result is usually a complete blocking of the exit.

If the passage way could give back and expand—become larger as it were, the mass of humanity would free itself and the blockade would be broken.

The RUSHVILLE SPECIAL Spreader is equipped with expansion chambers at the rear of the box and just ahead of the heater wheel. When the load is moved back, packed and solid as it is, there is room for it to EXPAND as the heater wheel penetrates this load. There is no jamming, packing or congestion which means heavy draft. Because the load does not pack, the heater wheel runs freely and easily discharges its load without adding any particular additional draft to the horses.

One of these expansion chambers is located on each side of the box near the heater wheel. This forms what we call the NO-CHOKE BOX. This patented feature of this MODERN Spreader will, in itself, reduce the draft on any spreader that does not have it, at least 15%. By eliminating this heavy draft the heater wheel does not have the friction which it otherwise would have and this removes the strain from the machine.

Come to our warehouse and see the machine. Take it on your farm and try it. The proof of the pudding is in the eating. We solicit your inspection.

Your Servants.

# Society

Many Rushville people will remember Mr. and Mrs. M. M. Simms, formerly of this city, who recently celebrated their golden wedding anniversary at their home in Mattoon, Illinois. An account of the event was contained in the Mattoon Commercial-Star as follows:

One of the rare events in the life of a couple is the anniversary of the day when in the bloom of youth filled with anticipation and in the halo of wedded bliss and alluring hope they pledged their troth and set out on life's journey for weal or woe and it was this anniversary event which Mr. and Mrs. M. M. Simms quietly observed at their home, at 816 South Eighteenth street, Tuesday, September 24, the perfect day being suggestive of the serene life lived by the honored and happy couple.

At twelve o'clock Mrs. Llewellyn Moore residing south of the city and Mrs. M. A. Jarret, sisters of Mrs. Simms spread bountiful three course dinner at twelve o'clock at the Simms' home in their honor. The table about which Mr. and Mrs. Simms, Mr. and Mrs. Jarret and Mrs. Moore gathered was beautifully appointed and adorned with pink and white asters from the home garden.

During the afternoon many friends called to bestow their congratulations and the flowers received made the atmosphere fragrant and gave the home a touch of summer.

Mr. and Mrs. Simms received a congratulatory card from their only daughter, Miss Florence Simms in New York city bearing the following message of love:

"I think of you this golden day, With true and deep affection, And wish you many cheerful hours, Of happy recollection. And all the kindly thoughts I send Are more than words can say, God bless and keep you happy On your golden wedding day."

The daughter who is at the head of the industrial department and also one of the leaders of the War Work Council of the Young Women's Christian Association with headquarters in New York also sent a handsome golden oak dining table in honor of the event.

Mr. and Mrs. Simms were the recipients of many pretty gifts including a substantial purse of gold.

During the afternoon a photograph of Mr. and Mrs. Simms was taken as a souvenir of the occasion.

Mr. and Mrs. Simms were married at the home of the bride's parents near Homer, Ind., her name being Miss Jane Amanda Taylor. For a few years they resided with Mrs. Simms' parents. From there they moved to Rushville, Ind., where Mr. Simms followed farming for twenty-six years. Sixteen years ago Mr. and Mrs. Simms moved to Mattoon since when they have lived a retired life.

Although Mr. Simms is eighty-one years of age and Mrs. Simms sixty-seven today, both are remarkably preserved in appearance and health.

To them two daughters were born. One, Mrs. Eva Smithley passed away eight years ago, leaving one surviving child, Miss Florence Simms of New York who was unable to

make the trip home for the anniversary owing to the pressure of work, due to the war.

The Cozy cafe was the scene this morning for a prettily appointed breakfast given by Mr. and Mrs. Robert Cook of Falmouth in honor of their son, Corp. Gifford Cook, and wife, who were quietly married yesterday at the parsonage of the Rev. G. F. Powers in Bentonville.

The table at which the honored guests were seated was lighted with red candles in crystal holders and a basket of carnations of varied hues formed the centerpiece for the table.

The guests were: Mr. and Mrs. Oliver Cook and son Wallace, Miss Marie Reibisomer of Connersville, Mrs. Ray Compton, Mr. and Mrs. William Cook, Mr. and Mrs. Van Flood, Mr. and Mrs. G. F. Powers, Charles Gosnell and Fred Cook.

Corp. and Mrs. Cook left immediately after the breakfast for Camp McClelland, Ala., where he is stationed. Mrs. Cook was formerly Miss Marie Rhodes, daughter of Mrs. Anna Rhodes of Mays.

A pretty, quiet wedding took place at the newly furnished home in Fifth street, when Miss Gladys Marie McDonald, daughter of Mrs. Leona McDonald, became the bride of Guy Perkins Wednesday evening at eight o'clock, with the Rev. Clyde Black officiating. The bride was attired in an attractive blue satin frock and shoes and hat to match. The guests were Mrs. Leona McDonald and daughter Margaret, Mr. and Mrs. James Smith and children, Mrs. Grace Pate, Mrs. Bert West, Miss Kathleen Joyce, Miss Naomi Hobbs, Miss Ruby McDonald, Miss Edna McDonald, Miss Stella McDonald and Roy McDaniel. Mrs. Perkins has resided in this county all her life and is a graduate of the New Salem high school.

The home of Mr. and Mrs. Charles Hinkle in West Fifth street, was the scene Sunday of a pleasant gathering, when they royally entertained a company of friends at an excellent noon dinner. The rooms were decorated with baskets and and wall pockets of summer flowers and a bouquet of asters of varied hues adorned the table. The guests included Mr. and Mrs. John Boyd and Mrs. R. A. Petry and daughter Katherine.

Mrs. A. G. Reeve entertained the Band of Workers of the First Presbyterian church yesterday afternoon at her home in North Harrison street. The members made plans for a penny supper in about two weeks and a report was given of all of last year's work. The afternoon was spent in knitting and embroidering names on their quilt and a social good time.

The members of the War Mother organization will meet Saturday afternoon at 2 o'clock in the Social Club rooms. This is the first meeting of the society in their new rooms. Three new members have been added to the organization, Mrs. Anna Sampson, Mrs. Lizzie Glore and Mrs. Bertha M. Compton.

Honoring Dr. and Mrs. O. H. Reynolds of Windfield, Kas., Mrs. Clara Riddle entertained at her home in West Fifth street last night with a prettily appointed dinner party. The guests included Mr. and Mrs. Ed Pitman and family, Mr. and Mrs. Chase Riddle and Mr. and Mrs. Will Rodebaugh.

Mrs. Frank Wolcott was a charming hostess yesterday afternoon for the members of the Woman's Foreign Missionary society. During the business session Mrs. Frank Wolcott and Mrs. Rush Budd were appointed delegates for the district convention to be held at Shelbyville Tuesday, October 15.

The members of the Monday evening Bridge club were delightfully entertained last evening at the home of Mrs. Lote Carter. The evening was spent in a very sociable way over the tables.

Mrs. Louis Lambert was a most gracious hostess yesterday afternoon for the members of the Worth While club. The afternoon was spent very pleasantly sewing and knitting.

Martha Poe chapter No. 143, O. E. S. will hold their meeting tomorrow evening at 7:30 in the Masonic Temple, followed by degree work. A full attendance is desired.

The members of the Noble township Red Cross auxiliary will meet tomorrow afternoon with Mrs. Charles Newhouse at her country home near Glenwood.

Miss Leona Hinchman spent the day yesterday in Indianapolis.

Weigh Yourself Before Taking

These Tablets Increase the Appetite, Aid Digestion, and Build Up Weak, Emaciated, Convalescent, Overworked and Nervous People; they are especially valuable as a tonic, when the vitality is at its lowest ebb.

They are different from the usual preparations of Iron as they do not constipate the bowels nor injure the teeth.

Price 50 Cents. Special 90 Cents United Medicine Co., 224 N. 10th St., Philadelphia, Pa.

Rush County is Again Put to the Test—Now, all together, over the top in the 4th Liberty Loan Drive. With the Approach of Winter, make Food Conservation Your Household Watchword.

### Important

If you have not already read the announcement from Washington we will cover the main points here that you may know exactly the restrictions under which holiday shopping is to be governed this year.

There is to be no additional help employed.

There is to be no increase in shopping hours.

Arrangements must be made for the advance shipping of Christmas gifts.

Other restrictions of lesser importance are also to be enforced—all with one point in view—that man-power, fuel and railroad facilities shall be conserved for war needs.

This means that holiday shopping usually done in December must in large part be completed during October and November.

We wholeheartedly approve of this governmental decree and solicit your loyal co-operation.

## Warm Bedcoverings

THE BEST PROTECTION AGAINST KING WINTER.

Our department is heaped with great piles of warm blankets and comforters of all kinds. We cannot too strongly urge you to make your selection now while assortments are complete.

- ☐ Cotton Blankets, white or gray, with pink or blue borders a pair ----- \$3.00

# Every Acre Is an Arsenal

Every acre of land that you farm grows more than the crops you harvest.

It grows actual dollars and cents which represent big guns and high explosives, swords and rifles, machine guns and bombs, food and clothing, everything that our brave soldiers and sailors

need to drive the brutal Hun back to Berlin and force him to his knees.

Therefore, every one of your acres is an arsenal which can turn out weapons and supplies for our men *if—*

And only *if*

**You put as large a part as possible of the dollars you get for your crops into  
LIBERTY BONDS**

A Liberty Bond is a loan to protect yourself, to protect your home and your farm, your wife and your children—all that you value and hold dear, all that makes your life worth living.

American boys are giving their lives in your cause on the fields of France.

They are giving all for you and yours, and they need help.

Have *you* done *your* full share?

How many guns and rifles and other supplies are your acres furnishing?

Think it over.

## Why Fail? Use Delco-Light

Common Sense, Simple, Never Fails.  
You can test out your car and motor, or you can test out your car and motor. The joy-riding way is the Delco-Light way. It is the only sure way to get the most out of your car.

"Get the Drive" on Your Car—Use "Get-It" and the Car is a "Gee!"  
of "Get-It" on any car or carline off at once. The car finally loosens off from the toe, so that you can peel it off with your fingers in one piece, painlessly, like peeling a banana. "Get-It" stuff, wish I'd done that before. There's only one corn-peeler—"Get-It." Toes wrapped up big with tape and band-aids, toes screaming from irritating salve, it's all a barbarity. Toes wounded by razors and knives, that's butchery, ridiculous, unnecessary, dangerous. Use "Get-It," the liberty way—simple, painless, always sure. Take no chances. Get "Get-It." Don't be insulted by imitations. See that you get "Get-It." "Get-It" the guaranteed, money-back, corn-remover, the only sure way, costs but a trifle at any drug store. M. T. by E. Lawrence & Co., Chicago, Ill.

## EXCELLENT STORY OF RECENT BATTLES

Harry Overhizer, a Former Resident of Falmouth, Describes Chateau-Thierry and Champagne

### BELONGS TO CIRCUS CORPS

Describes Retreat of Germans From Champagne Front and Again From That of Chateau-Thierry

One of the best descriptions of discharges concerning the battles of Champagne and Chateau-Thierry which has been available to Rushville people, was written by Harry Overhizer, a native of Falmouth, who as a member of the Rainbow Division, participated in both encounters. Private Overhizer belongs to that adventurous and hazardous department of the United States army known as the "circus regiment" which travels about "almost incessantly stopping wherever a drive is on."

## PRIVATE SNODGRASS IN THICK OF FIGHT

Describes Battle in Which he Participated During the Summer Months on Hot Sector  
**HAS BEEN BURIED TWICE**  
Describes Rear Guard Fire of Enemy Which Killed Numerous German Prisoners

According to Private Wilbur Snodgrass, son of Mr. and Mrs. L. C. Snodgrass of this city, who is in the thick of the fight on the western front, "the first hundred years is the hardest."  
After that milestone is passed in the battles in which one participates—the remainder is easy, and one will then look on war as an every day occurrence, but until that time Young Snodgrass at least will find new phases each day and new hardships for the enemy.

The former Rush county boy evidently has been in some of the hottest of the summer encounters, where he declares shells have exploded with such force so close to him that, twice he has been forced to dig his way out of the ground, which covered him.  
At the time the letter was written, the boy declared that they had only then returned from the front. He stated that they had been actively engaged for 20 days and during that time had had no rest, little sleep and no clean clothing. During that time he said he had been gassed and for eight days was unable to talk.  
The following bit of description concerning the shelling of a French town by the Germans from the rear of the allied lines, is interesting.

"As we were going back from the trenches last night and were in the center of a small French town, a shell hit in front of me, throwing plaster and bits of the building with such force, that several of us were knocked down. I had the good fortune, however, to observe the fire and to see the shells explode in a bunch of German prisoners who were in the lead. They were crumpled to the earth like so many statues."

Germans for many months it is now a mass of ruins.  
"We had mess and then since our business is fighting, we began our drive at once. We noticed a peculiar odor however, within the town. Along the roads we noticed many dead Germans who had been left unburied. Some were black in the face, showing that they had been dead but a few days. This drive was the one that was featured so strongly in newspapers when the ringing of the church bells lauded the bravery of the Americans.  
"The Americans have thus far failed to give the Germans any rest. Our infantry has gone so rapidly that the artillery could scarcely keep up with them. Many times we have gotten our positions ready to fire when word would be flashed to us that the Germans were out of range."

## REPORTS MADE OF LOW SALE OF WHEAT

Say it is Sold at Less Than Guaranteed Price Because of the Railroad Embargo

### CONDITIONS TO BE IMPROVED

Dr. Harry E. Barnard, United States food administrator for Indiana, today authorized the following:  
Reports reach the Food Administration that some farmers are selling their wheat at less than the guaranteed price because of the railway embargoes placed in parts of the country against wheat shipment. While the elevators are temporarily overstocked because seaboard movement has not kept pace with internal movement, this condition should be improved during the next thirty or sixty days. No farmer who will have patience until the situation improves need sell below the guaranteed price for the Government will buy all wheat as fast as it can be moved.

## ONE MAN CAN FARM MORE LAND with the

## MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem  
With the Moline-Universal—the original two-wheel tractor—One Man can farm more land than was ever before possible, because—  
One Man has power at his command equal to six horses, capable of doing the work of nine horses, due to its greater speed and endurance.  
One Man operates the Moline-Universal from the seat of the implement to which it is attached, where he must sit in order to do good work.  
One Man can start in the spring and go from one operation to another—plowing, harrowing, planting, cultivating, sowing, harvesting grain or corn, spreading manure, filling the silo, cutting wood, etc., doing all farm work from one year's end to another, independently of horses or hired help.  
All these one-man operations are possible with the Moline-Universal, because it is mounted on two wheels. It attaches direct to the implement, making one compact unit—the tractor, the front wheels and the implement the rear wheels. One man controls the entire outfit from the seat of the implement. There has been good reason in the past for putting a seat on implements, for it is from this point that the work must be observed and that adjustments must be made.  
Being close coupled to the implement, the Moline-Universal Tractor backs as readily as it goes forward, and turns in a 16-foot circle. It steers so easily that a boy or woman can handle it as well as a man.  
With the Moline-Universal one man can take care of all the requirements on the average size farm.  
Plowing with two-bottoms, the Moline-Universal Tractor does as much work in one day as the ordinary three-plow tractor, due to the higher speed at which it operates, 3 1/2 miles an hour. It has the power to run at this high speed because all of its weight is traction weight—all of it is converted to pull.  
The light weight of the Moline-Universal Tractor, 3350 pounds, and its high clearance—greater than that of the average cultivator—make it perfectly adapted for cultivating. It isn't the kind of tractor that does your plowing and seed bed preparation and then rests while your horses do the planting, cultivating and harvesting.  
Mechanically, the Moline-Universal is the most modern tractor built, containing more refinements and improvements than any other tractor on the market.

Mrs. W. F. Schronitz and son Paul, motored to Michigan Monday to spend several weeks with her daughter Mrs. Merle Ewing.

Mr. and Mrs. Howard Pyke spent Sunday with Mrs. Anna Paxton.

### Glenwood

Mr. and Mrs. Russell Ruff, Miss Edna Ruff, Herman Hinchman and Frank Hinchman, saw "Pretty Soft Eddie" at Connersville Monday evening.

Bryan Davidson returned to Norfolk, Virginia, Monday after a ten days visit here with his mother, Mrs. Effie Davison. Private Davison has passed his overseas examination and expects to leave soon.

Mrs. Elizabeth Kinder was the guest of Mr. and Mrs. L. D. Springer of Connersville, on a motor trip to Cincinnati last week.

A. P. Reynolds and son Garrett spent Sunday in Indianapolis.

The members of the C. W. B. M. held an all day meeting Tuesday with Mrs. Earl Ruff and at noon a witch-in dinner was served. The afternoon was devoted to a splendid program.

Perry Meek has purchased 98 acres of land of Amaziah Hughes near Swamp school house.

A. J. Britt returned to his home Monday evening from a visit of several days with his mother, at Everton. Mr. Britt resumed his duties as mail carrier of R. 1 Tuesday.

Mr. and Mrs. D. B. Williams left Friday morning, motoring to Cincinnati, Ky., to be the guests of relatives. They will visit relatives in Lexington and a number of interesting places.

Donald Brooks is ill at his home near here.

George Jones will move his family to their new home in Connersville the last of this week. His parents, Mr. and Mrs. W. T. Jones of Columbia vicinity, will take possession of his house.

## FOOD CLUB TO WORK WITH COLORED PEOPLE

In Order That the Entire State May be Reached by Conservation Regulations  
**COMPLETE DATA IS REPORTED**

In order that the population of Indiana may be reached more completely with conservation material the United States Food Administration for Indiana has established a department of the Food Club Division to work with the colored people of the State. F. B. Ransom, an attorney of Indianapolis, is State Director of Colored Food Clubs. He is appointing leaders in each of the colored communities of the State who in turn will be charged with the responsibility of organizing the colored people into Food Clubs. Reports are being received from the various counties giving data concerning the colored population of each county. Mr. Ransom uses this material as a basis for this work. His first appointment was made on Wednesday the 25th. Mrs. Emma Duval, 1217 Harlan St., was appointed as City President of Colored Food Clubs for Indianapolis. The organization and supervision of these clubs will be entirely in the hands of the colored leaders who will receive their supplies and instructions from the County President of the U. S. Food Clubs. Several counties have already organized a number of Colored Food Clubs. These will be left intact as far as is possible and other clubs organized to enlist the interest and assistance of all other colored residents of Indiana.

This is the **Stove Polish** **YOU** Should Use

**Black Silk Stove Polish**

Makes a brilliant, silky polish that does not rub off or dust off. It is the shiningest four times as long as ordinary stove polish. Used on sample stoves and sold by hardware and grocery dealers.

All you can do is to look on your stove and see how it looks. If you don't find it the best stove you ever saw, every dealer is authorized to return your money. Black Silk Stove Polish. It's the best stove polish ever made. A Black Silk Stove Polish. It's the best stove polish ever made. A Black Silk Stove Polish. It's the best stove polish ever made.

**A Shine in Every Drop**

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts, which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate to which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head, have furred tongue, bad taste, heavy breath, sallow complexion, others who have bilious attacks, acid stomach or constipation, are assured an improvement in both health and appearance shortly.

# PUBLIC SALE

We, the undersigned, will sell at public auction at the farm recently sold, one-half mile east of Rushville, just opposite East Hill cemetery, on

**THURSDAY, OCTOBER 10th, 1918**  
SALE TO COMMENCE AT 10:30 A. M.

## 6 HEAD OF MULES 6

One span of horse mules six years old, as good a work team as lives. One span horse and mare, big stout users, one span of weanlings, horse and mare, as good a pair we think as you will have an opportunity to buy this year.

## 35 HEAD OF CATTLE 35

Two roan Shorthorn cows, both due to freshen soon after day of sale. One three-year-old, the other four years, both of a great milking strain, the kind that you will try to buy. One registered Holstein cow, when first fresh gave 50 pounds of weighed milk per day, with heifer calf at side, papers go with this cow. One grade Holstein cow, fresh with calf at side, giving five to six gallons of milk a day. One Jersey cow, fresh, giving extra good quality of milk. Three Shorthorn heifers with first calf at side. One red Shorthorn cow giving three gallons of milk a day, bred. Two black Poll Angus cows. Three coming two-year-old Shorthorn heifers. Three yearling Shorthorn steers. Ten head of weanling Shorthorn calves. Four head of yearling Jersey heifers.

## 50 HEAD OF HOGS 50

Two head of registered yearling Big Type Poland China sows. Three head of registered Big Type Poland China spring gilts. These sows and gilts all have papers with them. Two head of Big Type yearling sows, eligible to register. Six head of Big Type Spring Gilts eligible to register. Three head of sows with 24 pigs old enough to wean. One registered yearling Big Type male hog. One Big Type spring boar, eligible to register. One coming yearling Duroc male hog.

All the above named hogs, especially those that are registered or eligible to register we think you will find to have as much quality and as good blood lines as you will be able to find at any breeders' sale. Anyone looking for foundation stock to start a herd of the right kind should attend this sale, as we don't hope, not having a greater number of good hogs than what we here offer, to draw the breeders from a very great distance, leaving the competition to our local farmer friends. Absolutely every hog offered for sale, except pigs by dams side are double immuned.

300 BUSHELS OF OATS IN BIN; ABOUT THREE TONS OF LITTLE RED CLOVER HAY IN MOW; FIVE TONS OF TIMOTHY HAY IN MOW, ABOUT SIX TONS OATS STRAW; 50 BALES OF NICE BRIGHT STRAW.

### Farm Implements

One double disc, one two-row corn plow, one one-row corn plow, one steel roller, one walking break plow, one Black Hawk corn planter, work harness for six horses. One two-row stalk cutter.

TERMS MADE KNOWN ON DAY OF SALE.

**WILLIAM C. MORGAN DUSTY MILLER**

Sale to be held under tent regardless of weather.

Lunch to be served by the Little Flat Rock C. W. B. M.

**LIVE MERCHANTS USE THESE COLUMNS**

## DISTRICT ADVISER NAMED

Will Johnson to Obtain Information About Agricultural Needs

Will Johnson of Fort Wayne has been appointed agricultural adviser for the army selection board of this district, which holds its sessions at Fort Wayne. As adviser to the board regarding agricultural needs, he is not to be a member, but is to supply information relative to labor requirements. The advisers also may concern themselves with individual cases before the district board, according to a statement from the U. S. department of agriculture, which announced the appointment of the advisers. County agricultural agents have been supplied with questionnaires to be used in obtaining facts about farm labor needs in their communities.

## RHEUMATICS MADE HAPPY

Satisfied That "Neutrone Prescription 99" is All That's Claimed

This reliable prescription has, since being placed in the hands of the public, done more to remove Rheumatic Troubles than all previous remedies combined.

It is different from other remedies in that it does not upset the stomach or impair the heart, a condition heretofore thought impossible.

It is not a cure-all but a remedy to be taken internally treating Rheumatism as a constitutional disease, by its general action through the blood.

The treatment is a most complete combination of rheumatic-reducing elements and is dependable to produce results from the fact it aims at rheumatism as a disease of the blood. 50c and \$1.00 the bottle.

PITMAN & WILSON and leading druggists everywhere. (Adv.)

## BUTTER PROFIT NOT TO EXCEED 5 CENTS

Cash and Carry is Favored While Margin On Credit and Delivery System Is Six Cents.

### U. S. COMMANDEERS BUTTER.

To Investigate Wholesale And Commission Merchants To Ascertain Costs and Examine Records

Butter's margin on butter shall not exceed five cents per pound on the "Cash and Carry" basis or six cents per pound for "Credit and Delivery."

This is the substance of a special bulletin received today by Dr. Harry E. Barnard, federal food administrator for Indiana. Dr. Barnard is authorized to make an inquiry into butter situation during the week of September 23rd—September 28th, to see that the official rules and regulations are not being violated.

The Washington statement is to effect that the government has commandeered 60 percent of all the butter held in storage in the country for the use of its armed forces.

"This action creates an appearance of, if not an actual butter shortage," the bulletin adds, "which has a tendency to advance prices, in fact the temptation is very strong to advance prices in violation of the rules and regulations of this administration, under which all butter must be sold."

Dr. Barnard is urged to devote his entire force of inspectors to the investigation, which is nation-wide. The federal food administration asks that wholesalers, commission merchants and retailers be checked "to see that the maximum margins of profit designated are not exceeded."

It is the purpose of the federal administration to investigate wholesalers, commission merchants and brokers, to ascertain costs, examine sales records, and resales within the trade to determine whether profiteering exists, where and to what extent.

## GLOVE FACTORIES CUT GLOVE STYLES

Great Use Of Canton Flannel Through Country Necessitates Step of Consideration Rule

### WAS ONE HERE MONTHS AGO

Because fifty percent of jersey, leather palm and canton flannel gloves are now made for the soldiers, the styles of gloves have been reduced to such an extent that the five styles which were made at the Rushville Glove company have been cut to four styles.

Munition workers, shipbuilders and farmers, not to mention soldiers can not be so finicky over the cut and color of their cotton gloves now as they used to be before war regulations cut a deep notch in the numerous styles.

At the meeting of the National Association of Cotton Glove Makers held recently in Chicago, new regulations were laid down by the government concerning the use of canton flannel, the shortage of which material has largely been responsible for the cutting down of the various styles to a minimum number. At the meeting it was proposed to cut the 700 styles to thirty-five.

The manufacturing schedule which had been followed here for several years, was changed more than a year ago when the first shortage of canton flannel was noticeable and when the first government request was sent out for a conservation of material, the Rushville Glove company cut down their style of glove making to such an extent that it now comes within the regulations of the new order.

### RELIGION ON DISCS

Paris, Oct. 2—An army order from American headquarters states that soldiers may indicate their religious belief on the backs of their identity discs, for use in case they are killed. "P" will indicate Protestant, "C" Catholic and "H" Hebrew.

## SCHOOL TEACHERS TO ASSIST IN LOAN

Each Teacher is to Purchase a Bond as an Example For Children According to Plan

### EACH PUPIL GIVEN MESSAGE

All County Superintendents in State Have Endorsed Plan and Pledges Hearty Support

Co-operating with the women's organization for the promotion of the Fourth Liberty loan campaign, the school teachers of Indiana report that they are prepared to execute the program outlined at the recent conference called by the state superintendent of Public Instruction, Horace Ellis, with the following committee from the Educational section of the Indiana State Council of Defense, William L. Bryan, president of Indiana university; T. F. Fitzgibbons, superintendent of the Muncie public schools and Donald DuShane, superintendent of the Columbus schools.

In addition to each teacher purchasing a bond, as an example for the children, every pupil will have explained to him or her just what the bonds are, how they are sold, what they cost and the interest they yield, by suitable stories, talks and illustrations; each pupil will be given a message to carry home to his parents; and every school will become a district headquarters for the promotion of the loan, through publicity and education. This is in accord with the plans agreed upon at the conference.

Every county superintendent in the state has endorsed the program and pledged to it his heartiest support.

In addition to the loan propaganda it has been planned, in many counties to devote every Friday afternoon of the school year to an appropriate patriotic program.

## VOTERS ARE BEING REGISTERED RAPIDLY

Political Activity is Becoming Slack Because of the Liberty Loan Campaign Movement

### REPUBLICAN ORGANIZATION

(By United Press.)

Indianapolis, Ind., Sept. 28.—Registration of voters in Indiana for the November election is proceeding more satisfactorily, according to reports reaching republican and democratic headquarters here today from all over the state.

Political activity generally has been slack because of the Liberty Loan campaign. Both parties decided they would not attempt to detract interest from the loan campaigns by political meetings. However, now that the actual sale of bonds has started, the campaign will be resumed again.

Drives have been conducted by both the democratic and republican parties to get the entire vote registered.

"According to reports reaching headquarters the republican organization was never in better condition in Indiana," said Secretary Henley of the republican state central committee.

Fred Van Nuys, democratic state chairman, expresses himself as entirely satisfied with the manner in which the campaign is proceeding and declared he was confident the voters of Indiana would "stand by the president" this autumn by electing men the president supports for congress.

### PARIS TAKES A TIP

Paris, Aug. 25. (By Mail).—The little peaked service caps worn by American soldiers have set the fashion among Parisian girls. Many are appearing on the boulevards with exact copies of the Yank "overseas cap" even down to the lieutenant's or captain's bars worn on the front of the head-gear.

WANT ADS BRING RESULTS

## BREAK LA GRIPE OR INFLUENZA DIRECTIONS

Go to bed at once, cover up real warm, take four doses of Hull's Superlative Compound, 20 drops every two hours. You will go into a sweat. Remain covered until perfectly dry. You will notice that aches, pains and fever have disappeared. Follow by taking 8 to 10 drops three times a day until perfectly well. Do not expose yourself or get chilled until you are thoroughly well, or a relapse is liable to take place, which may be much worse than the first attack. If it does not act on the bowels in 12 hours take a strong physic.

"25 years ago I had a bad attack of real influenza; our family had the same. Hull's Superlative did its work in 24 hours and broke it up and has broken up all the colds and lagrippe I have had in the last 29 years. I know what it will do and have confidence; that is the reason I can recommend it to others, with good faith and a clear conscience that it will do for you what it has done for me."

Hull's Superlative is a root and bark remedy, rich in Peruvian Bark, fever breaker, Golden Seal the greatest known vegetable antiseptic and other ingredients as good as those mentioned. Hundreds testify to great good received. Be sure and keep it in the house. LaGrippe comes almost at once without warning. Then is when you need Hull's Superlative.

A. J. HULL

The A. J. Hull Medicine Co., Findlay, O.

For sale by all druggists at \$1.00 per bottle. (Adv.)

**A 25 Cent Box Did More Good Than Two Doctors**

This man's stomach was so bad he consulted two doctors as to what was necessary. They could not agree, so he followed a friend's advice and took Pepsinco. The very first day he noticed an improvement. After a few days his food stopped hurting him. In a week's time he was feeling good. He took Pepsinco until he could sit down and eat what he wanted without distress. Druggists sell lots of Pepsinco because it really does help the stomach. Ask your druggist for a small trial package and cure your stomach trouble.

# PUBLIC SALE!
